HOW TO PROTECT YOUR TRANSPORT, DISTRIBUTION AND LOGISTICS COMPANY, YOUR INSTITUTIONAL VEHICLE FLEETS... TO PREVENT A CRACKER FROM STEALING YOUR VEHICLES, GAINING ACCESS TO INFORMATION TO BLACKMAIL YOU ...

CASOS REALES

- **2016/ GERMANY, TESLA APP**

  Two Tesla Model S stolen, GPS signal blocked so they can't be tracked.

- **2019/ USA, ITRACK AND PROTRACK FLEET CONTROL FAILURE**

  They get to know the location of tens of thousands of vehicles, from South Africa to the Philippines, and turn off the engines of many of them.

- **2019/ USA, FORD PASS CONNECT APPLICATION**

  Geolocate, unlock, lock and start the vehicle that is not yours remotely from a smartphone using the official Ford app.

- **2019/ UNITED KINGDOM, MANCHESTER PUBLIC BUS SERVICES APP**

  A group of crackers cripples the fleet and demands a ransom of $100,000. The final cost of the damage suffered was estimated at 18 million dollars.
